

SPECIMEN LABEL

NOT A PLANT FOOD INGREDIENT

ACTIVE INGREDIENT(S):

0.01%.....Humic Acid derived from Leonardite.

KEEP OUT OF REACH OF CHILDREN

CAUTION

CASN 090308

NET CONTENTS: 5 Gallons (18.93 Liters) 30 Gallons (113.55 Liters) 275 Gallons (1040.88 Liters) Bulk Gallon

WT. PER GALLON: 8.69 lbs. @ 68°F (3.95 kg PER LITER @20°C)

MANUFACTURED FOR

HELENA CHEMICAL COMPANY

225 SCHILLING BOULEVARD, SUITE 300

COLLIERVILLE, TN 38017

NutrAsyst™ can be applied to all crops including: vegetable crops, row crops, field crops, feed crops, trees, nut trees, vines, ornamentals, lawns, garden landscaping.

NutrAsyst™ can be mixed with almost all liquid fertilizers and plant nutritional products.

It may also be impregnated on dry fertilizers.

NutrAsyst™ can also be applied with fertilizer mixtures that contain insecticides herbicides, plant growth regulators, and fungicides.

NutrAsyst™ can be applied with all transplant solutions, dips and all watering solutions. It can be applied to all soil types and pH ranges.

SUGGESTED DIRECTIONS

FOLIAR APPLIED (vegetable crops, row crops, field crops, feed crops, trees, nut trees, vines, ornamentals, lawns, gardens and landscaping): NutrAsyst™ may be applied at up to 8 quarts per acre, per application. Apply at least 1 quart per acre in all foliar applications. Use higher rates as spray volume increases. NutrAsyst™ can be added to all foliar sprays. If sprayed without mixing with other nutrients, dilute in at least 10 gallons of water. If applied in spray mixes with copper based fungicides, keep pH at 6.0 or above.

TRANSPLANTING OR CUTTING: Mix ½ gallon NutrAsyst™ per 20 gallons of solution.

COOL SEASON GRASSES: Include with all foliar nutrient applications at one quart per 25 gallons of spray volume. Use alone before, during or after stress periods at 1.5- 3 fluid oz per 1000 sq. ft., or 2 quarts per 25 gallons of spray volume. **CAUTION: SPRAY MIX COMBINATIONS WITH SELECTIVE AND PRE-EMERGENT HERBICIDES ARE NOT RECOMMENDED.**

TREES, SHRUBS, WOODY ORNAMENTALS AND BEDDING PLANTS: Include with all foliar nutrient applications at 1 quart per 25 gallons of spray volume. Use alone before, during or after or after stress periods at 2 quarts per 25 gallons of spray volume. **CAUTION: SPRAY MIX COMBINATIONS WITH SELECTIVE AND PRE-EMERGENT HERBICIDES ARE NOT RECOMMENDED.**

TURF AND ORNAMENTALS: Broadcast spray or inject into irrigation at 6 fluid oz per 1000 sq. ft. 1 – 3 times during the season. Application is targeted at the soil but foliar contact is not detrimental. Mix with deep root injections at 1 gallon per 10 gallons of injection solution.

APPLICATION WITH LIQUID FERTILIZERS: Use at the rate of 1 quart to 2 gallons per acre in liquid starter on pop up fertilizers. Do jar test for compatibility.

APPLICATION WITH DRY FERTILIZERS: May be impregnated into dry fertilizer at a rate of 1-8 quarts per ton of dry fertilizer. The addition of absorptive carriers to reduce fertilizer bridging/caking is recommended.

NutrAsyst™ is compatible with most fertilizers, pesticides, fungicides, and plant growth regulators. **SPRAY MIX COMBINATIONS WITH SELECTIVE AND PRE-EMERGENT HERBICIDES ARE NOT RECOMMENDED.** If unfamiliar with its use, be sure to check with Helena Chemical Company for compatibility or perform a jar test mixing each product in the same ratios as to be field applied

CONDITIONS OF SALE - LIMITED WARRANTY

AND LIMITATIONS OF LIABILITY AND REMEDIES

Read the Conditions of Sale - Warranty and Limitations of Liability and Remedies before using this product. If the terms are not acceptable, return the product, unopened, and the full purchase price will be refunded.

This label is believed to be reliable and should be followed carefully. Injury to the crop to which the product is applied may result from the occurrence of extraordinary or

unusual weather conditions or the failure to follow the label directions or good application practices, all of which are beyond the control of Helena Chemical Company (the "Company") or seller. In addition, failure to follow label directions may cause injury to crops, animals, man or the environment. The Company warrants that this product conforms to the chemical description on the label and is reasonably fit for the purpose referred to subject to the factors noted above which are beyond the control of the Company. The Company makes no other warranties or representations of any kind, express or implied, concerning the product, including no implied warranty of merchantability or fitness for any particular purpose, and no such warranty shall be implied by law.

The exclusive remedy against the Company for any cause of action relating to the handling or use of this product shall be limited to, at Helena Chemical Company's election, one of the following:

1. Refund of the purchase price paid by buyer or user for product bought, or
2. Replacement of the product used

To the extent allowed by law, the Company shall not be liable and any and all claims against the Company are waived for special, indirect, incidental, or consequential damages or expense of any nature, including, but not limited to, loss of profits or income. The Company and the seller offer this product and the buyer and user accept it, subject to the foregoing conditions of sale and limitation of warranty, liability and remedies.
