GENERAL INFORMATION

QUAD 7 Spray Adjuvant is a multi-component product designed to optimize retention and absorption of many herbicides. QUAD 7 may enhance performance of other post-emergence products requiring non-ionic surfactant and fertilizer.

QUAD 7 was designed specifically to enhance Accent®, Basis®, Steadfast®, Pursuit®, Raptor® and other herbicides. Do not use with Assert®.

The addition of nitrogen based fertilizers (such as 28% N, 32% N, or 10-34-0) or ammonium sulfate are generally not required with QUAD 7. Follow herbicide label directions.

DIRECTIONS FOR USE

Use QUAD 7 Spray Adjuvant at 1% v/v (1 gal. per 100 gal. spray mixture); use QUAD 7 at 2% v/v when applying pesticide spray mixture at 5 gpa or less.

Add QUAD 7 last to spray mixture and continue agitation or follow specific tank filling and mixing information provided on the herbicide label. Refer to herbicide label for additional recommendations or precautions. Some pesticides have stated adjuvant use rates, in all cases, the pesticide manufacturer's label should be consulted regarding specific adjuvant use recommendations and that rate followed. Do not add adjuvant at a level that would exceed 5% of the finished spray volume.

Sugar beet Micro Rates: Add QUAD 7 Spray Adjuvant first to clean water in spray tank when using with sugar beet micro rates and follow specific tank filling and mixing information provided on the herbicide labels. Use QUAD 7 at 1% v/v + 1% v/v MSO® Concentrate with Leci-Tech®.

STORAGE AND DISPOSAL

STORAGE: Store in cool, dry place. Store in original container. Keep tightly closed. Do not reuse empty container. **DISPOSAL:** Do not contaminate water, food or feed by storage or disposal. Dispose of contents/container on-site or at an approved waste disposal facility. Triple rinse (or equivalent) adding rinse water to spray tank. Offer container for recycling or dispose of container in sanitary landfill, or by other procedures approved by appropriate authorities.

For help with any spill, leak, fire or exposure involving this material, call day or night CHEMTREC 1-800-424-9300.
