### DIRECTIONS FOR USE:

Apply only as directed. Apply during the growing season.

### Application Rates:

LOW: 2.40 lb./1,000 sq. ft.  
MEDIUM: 4.80 lbs./1,000 sq. ft.

### For all applications:

- Apply to dry foliage
- Water in after application with a minimum of 0.2 inches to help move particles into the turf canopy.
- Do not collect clippings for at least one mowing following application to avoid particle pick-up.

### STORAGE AND USE

Store in a clean, dry place.  
Reseal opened bag by folding top down and securing.  
Use only in clean, dry spreaders.  
Do not leave unused product in spreaders.

**Notice:** This product contains the micronutrient iron for extra greening and to help prevent iron deficiency. Iron may stain concrete and other surfaces. Misapplied product to these surfaces should be removed promptly by sweeping or blowing. Do not wash off with water.

Recent research has shown that well-maintained turf is an effective environmental buffer that prevents pollutants from entering our natural water bodies. To help protect these natural resources, avoid applying product to sidewalks, driveways, roadways, and other impervious surfaces. Sweep any misplaced granules back onto the area you are treating immediately after application, since storm drains often empty directly to nearby waterways.
