Potassium D.L.[®] 0-0-6 Organic

Helping Nature WorkSM

Directions for Commercial Use:

Potassium D.L. 0-0-6 Organic is intended for foliar use. Apply 1 to 3 gallons per acre (10 to 30 liters per hectare) with sufficient water for thorough coverage. For best results, spray in early morning or late afternoon. Do not apply during the "sunlight" hours when air temperature is above 85°F/30°C. Foliar fertilization is intended to supplement standard ground fertility programs and will not by itself provide all nutrients normally required by agricultural crops. If you have any questions regarding mixing or application rates contact your Agro-K dealer before using this product.

Guaranteed Analysis:
Soluble Potash (K₂O) 6.0%

Derived from

Potassium Sulfate (mined), Seaweed Extract
