

PREMIUM MSO 1000™

premium methylated seed oil

PRINCIPAL FUNCTIONING AGENTS

Methylated Seed Oil Blend 100%
Ingredients exempt from tolerance under CFR 40, 180.1001 (c)

CAUTION: KEEP OUT OF REACH OF CHILDREN

PRECAUTIONARY STATEMENTS

Before using this product, read the entire label, including the condition of sale. Avoid contact with eyes. Harmful if swallowed. Avoid skin contact. Causes eye and skin irritation.

STATEMENT OF PRACTICAL TREATMENT

If Swallowed: Do NOT induce vomiting unless directed to do so by medical personnel. Seek medical attention. Never give anything by mouth to an unconscious person.
If In Eyes: Flush with water for 15 minutes. Seek medical attention if irritation persists.
If On Skin: Wash the affected area with water for 15 minutes. Seek medical attention if irritation persists.
If Inhaled: Remove person to fresh air. If cough or other respiratory symptoms develop, seek medical attention.

GENERAL INFORMATION

PREMIUM MSO 1000 is a multi-component spray adjuvant developed to maximize the performance of most post-emergent herbicides. This product may be used as a replacement for non-ionic surfactants and crop oil (petroleum oils) in most post-emergence herbicide spray mixes. Methylated seed oils have been tested by universities, and research indicates methylated seed oil improves the performance consistency of post-emergence herbicides such as Flexstar®, UltraBlazer®, Classic®, Pursuit® and other herbicides.

DIRECTIONS FOR USE

Use this product at 1½ to 2 pints per acre with the herbicide of choice. Always refer to the herbicide labels for additional recommendations or precautions.
SHAKE WELL BEFORE USING.

USE RATES

Use PREMIUM MSO 1000 at 1½ to 2 pints per acre with the herbicide of choice. The 2 pints per acre rate may be required if weed populations are extreme or if plants are stressed at the time of treatment.

MIXING INSTRUCTIONS

Always read and follow the label of the herbicide to be used with PREMIUM MSO 1000. Always add PREMIUM MSO 1000 last to the spray mix and continue agitation or follow specific tank filling information on the herbicide label. Do not allow water to be introduced.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage and disposal. May be stored below 32°F if thawed and thoroughly agitated before use. Keep container closed in storage. Do not allow water to be introduced. Store only in original container. Triple rinse (or equivalent) empty container. Then offer container for recycling or reconditioning or puncture and dispose of in a sanitary landfill or by incineration or, if allowed by State and Local authorities, by burning. If burned, stay out of smoke.

WARRANTIES—CONDITION OF SALE

Our recommendations for use of this product are based upon tests believed reliable. Follow directions carefully. Timing and method of application, weather and crop conditions, mixtures with other chemicals not specifically recommended, and other influencing factors in the use of this product are beyond the control of the Seller.

In no case shall the Seller be liable for consequential, special or indirect damages resulting from the use and/or handling of this product when such use and/or handling of this product is not in strict accordance with directions given herewith. The foregoing is a condition of sale by Seller and is accepted as such by the Buyer.
