

SPREAD-R™ - Nonionic Spreader-Activator

ACTIVE INGREDIENTS:

Alkyl Aryl Polyoxyethylene Ether, Free Fatty Acids, and IPA	90%
Constituents ineffective as a spray adjuvant	10%
TOTAL	100%

All ingredients are accepted for use under CFR 40, 180.1001(c).

CAUTION

KEEP OUT OF REACH OF CHILDREN

May be harmful if swallowed. Avoid breathing spray mist. Wash hands after use. Do not store near feed or food products. Avoid contact with eyes and skin. In case of contact with eyes, flush thoroughly with water and get medical attention. Wash concentrate from skin with water. If taken internally, induce vomiting and call a physician at once.

GENERAL INFORMATION

SPREAD-R is a low foam concentrated, nonionic spreader-activator.

SPREAD-R improves the efficiency of certain agricultural pesticides. SPREAD-R reduces the surface tension of the spray solution allowing the pesticide to spread evenly over the leaf surface. Better coverage provides better spray results.

SPREAD-R also enables herbicides to penetrate the waxy cuticles of plant surfaces. SPREAD-R should be used where both wetting and uniform coverage is desired.

USE DIRECTIONS

SPREAD-R may be applied by Ground, CDA, Aerial or Aquatic spray equipment. For the most effective concentration of SPREAD-R, use the minimum amount of product required to produce uniform coverage and deposition of the spray without runoff.

HERBICIDES, DEFOLIANTS, DESICCANTS

1/2 pint to 2 quarts (8-64 fluid ounces) per 100 gallons.

NOTE: When used with a post emergence herbicide consult the herbicide label for the recommended use rate and mixing procedures.

INSECTICIDES, FUNGICIDES, ACARICIDES, PLANT GROWTH REGULATORS, FOLIAR NUTRIENTS

1/4 to 1/2 pint (4-8 fluid ounces) per 100 gallons.

LIVESTOCK SPRAYS

Use 1/2 pint (8 fluid ounces) per 100 gallons.

TURF, ORNAMENTALS, AQUATIC AND INDUSTRIAL SPRAYING

Use 1/2 to 2 quarts (8-64 fluid ounces) per 100 gallons.

NOTE: SPREAD-R is safe for use in most spray applications; however not all varieties of plants have been tested. Before treating susceptible plants small scale applications are recommended.

STORAGE AND DISPOSAL

Do not store near heat or open flame. Store in original container. Do not reuse empty container. Triple rinse (or equivalent) into spray tank then dispose of or recondition container through the regulations set by local and state authorities.

CONDITIONS OF SALE

Seller warrants that this product conforms to its chemical description and is reasonably fit for the purpose stated on the label when used in accordance with directions under normal conditions of use, but neither this warranty nor any other warranty of merchantability or fitness for a particular purpose, expressed or implied, extends to the use of this product contrary to label instructions, or under abnormal conditions, or under conditions not reasonably foreseeable to the seller, and buyer assumes the risk or any such use.
