

PRO-MATE®

POWER VERDE

HOMOGENOUS MINOR PACKAGE

PRECAUTIONARY STATEMENTS

BEFORE USING THIS PRODUCT, READ ALL PRECAUTIONS, DIRECTIONS FOR USE, CONDITIONS OF SALE – LIMITED WARRANTY AND LIMITATIONS OF LIABILITY AND REMEDIES.

Avoid contact with formulated product. Do not take internally. If product is being mixed with pesticides and/or spray adjuvant, follow all precautionary statements on the accompanying product's labeling.

CAUTION: Growing media mixed with **PRO-MATE® Power Verde** Fertilizer should be used immediately after mixing.

CAUTION: DO NOT incorporate **PRO-MATE® Power Verde** Fertilizer prior to steam sterilization.

CAUTION: Harmful if swallowed. Keep out of reach of children. May cause skin irritation. Avoid contact with eyes. Wash thoroughly after handling.

PRECAUTIONS: Grower application rates should be used as a guide in developing a feeding program. Best results for a particular crop can vary with the growing media, fertility, moisture and temperature. Judgement of the grower should be used when using **PRO-MATE® Power Verde** or any other fertilizer product.

PRO-MATE® Power Verde Fertilizer is a blend of micronutrients - iron, manganese, zinc and copper and secondary plant nutrients, magnesium and sulfur. The micronutrients in this product are derived from sulfates and metals. As part of a regular fertilizer program, this product may further enhance resistance to environmental stress and aids in the prevention and correction of micronutrient and secondary plant nutrient deficiencies.

PRO-MATE® Power Verde Fertilizer is designed to be mixed with soil or soil-less growing media in horticultural applications. It is to be applied in a single treatment and should not be applied a second time or applied to media where other micronutrient products have been applied.

PRO-MATE® Power Verde Fertilizer is intended to be a supplement to a normal fertilizer program where nitrogen, phosphorous and potash only are being applied.

DIRECTIONS FOR USE

This product can be applied to the following crops: Ornamental crops, greenhouse plants and turf grass. Rates and timing of applications are dependent on local conditions and should always be made as a result of soil and/or plant tissue analysis and in conjunction with advice from your local agricultural authority.

- PRO-MATE® Power Verde** Fertilizer should be pre-incorporated at a rate of 2.0 - 4.0 lbs. per cubic yard during mixing for all plants grown in soil-less media.
- When upshifting to larger containers, application rate only applies to incremental growing media used.

GUARANTEED ANALYSIS:

Calcium (Ca).....	1.00%
Magnesium (Mg).....	4.30%
4.30% Water Soluble Magnesium (Mg)	
Sulfur (S).....	18.20%
18.20% Combined Sulfur (S)	
Copper (Cu).....	0.45%
0.30% Water Soluble Copper (Cu)	
Iron (Fe).....	14.30%
11.20% Water Soluble Iron (Fe)	
Manganese (Mn).....	2.65%
2.25% Water Soluble Manganese (Mn)	
Zinc (Zn).....	0.50%
0.50% Water Soluble Zinc (Zn)	

Derived From: Calcium Carbonate, Magnesium Sulfate, Copper Sulfate, Copper Oxide, Iron Sulfate, Iron Oxide, Manganese Sulfate, Manganese Oxide, Zinc Sulfate.

Information about the components of this lot of fertilizer may be obtained by writing to Helena Chemical Company, 225 Schilling Boulevard, Suite 300, Collierville, TN 38017 and giving the lot number which is found on the container.

SN 051602/0905

LOT NUMBER: _____

3. For maximum results, **PRO-MATE® Power Verde** Fertilizer should be the sole source of micronutrients and should not be used with any other micronutrient products or fertilizer mixtures containing significant amounts of micronutrients.

4. Calcium (Ca) is included in **PRO-MATE® Power Verde**. If the pH of the growing media and the pH of the irrigation water indicate the need, calcium should be provided from other sources. Do not pre-mix **PRO-MATE® Power Verde** with lime.

APPLICATION:

INCORPORATED: **PRO-MATE® Power Verde** should be incorporated as a soil blend at a rate of 2.0 - 4.0 lbs. per cubic yard.
TURF (SURFACE APPLICATION): **PRO-MATE® Power Verde** should be surface applied at a rate of 1.25 – 3.0 lbs. per 1000 square feet.

CONDITIONS OF SALE - LIMITED WARRANTY AND LIMITATIONS OF LIABILITY AND REMEDIES

Read the Conditions of Sale - Warranty and Limitations of Liability and Remedies before using this product. If the terms are not acceptable, return the product, unopened, and the full purchase price will be refunded.

This label is believed to be reliable and should be followed carefully. Injury to the crop to which the product is applied may result from the occurrence of extraordinary or unusual weather conditions or the failure to follow the label directions or good application practices, all of which are beyond the control of Helena Chemical Company (the "Company") or seller. In addition, failure to follow label directions may cause injury to crops, animals, man or the environment. The Company warrants that this product conforms to the chemical description on the label and is reasonably fit for the purpose referred to subject to the factors noted above which are beyond the control of the Company. The Company makes no other warranties or representations of any kind, express or implied, concerning the product, including no implied warranty of merchantability or fitness for any particular purpose, and no such warranty shall be implied by law.

The exclusive remedy against the Company for any cause of action relating to the handling or use of this product shall be limited to, at Helena Chemical Company's election, one of the following:

- Refund of the purchase price paid by buyer or user for product bought, or
- Replacement of the product used

To the extent allowed by law, the Company shall not be liable and any and all claims against the Company are waived for special, indirect, incidental, or consequential damages or expense of any nature, including, but not limited to, loss of profits or income. The Company and the seller offer this product and the buyer and user accept it, subject to the foregoing conditions of sale and limitation of warranty, liability and remedies.
