WARNING: This product contains chemicals known to the State of California to cause cancer and birth defects or other reproductive harm.

KEEP OUT OF REACH OF CHILDREN
CAUTION: HARMFUL IF SWALLOWED

DIRECTIONS FOR USE

GENERAL INFORMATION: MONTEREY FLUID FERTILIZER 3-18-18 is recommended for use on, but not limited to, vegetable and row crops, deciduous fruit and nut trees, citrus, avocados, vine and berry crops, pasture and range grasses, and commercial turf and ornamentals.

MONTEREY FLUID FERTILIZER 3-18-18 may be used at any time to correct plant nutrient deficiencies and maintain healthy growth. Rates are recommended below, but may vary depending on crop conditions and cultural practices.

COMPATIBILITY: MONTEREY FLUID FERTILIZER 3-18-18 may be applied separately or in conjunction with most other fertilizers. This product is compatible with most acid based fertilizers and other plant nutrients. However, a compatibility test is recommended if the desired combination has not been previously used.

DILUTION RATES

	<u>Volume per acre</u>
Aircraft & low volume sprayers:	5 gallon minimum
Conventional sprayers:	25 gallon minimum
Dilute spray:	200-500 gallons
Concentrated spray:	50-150 gallons

FOLIAR APPLICATIONS: Apply 1-5 gallons per acre in enough water for thorough coverage, but avoid excessive run off. After initial application, monitor petiole nutrient levels and apply at 10-14 day intervals or as needed.

SOIL APPLICATIONS: Apply 1.5-10 gallons per acre during furrow irrigation. After initial application, monitor petiole nutrient levels and apply as needed.

CONDITIONS OF SALE AND WARRANTY

Monterey AgResources (MAR) warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes stated when used in accordance with the use directions under normal conditions. MAR neither makes, nor authorizes any agent or representative to make, any other warranties, express or implied, including fitness or merchantability.

The directions for use of this product are believed to be reliable and should be followed carefully. However, it is impossible to eliminate all risks inherently associated with use of this product. Crop injury, ineffectiveness or other unintended consequences may result because of such factors as timing and method of application, weather and crop conditions, presence of other materials, or other influencing factors, all of which are beyond the control of MAR and Seller. Buyer and user acknowledge and assume all risks and liability resulting from the handling, storage and use of this material not in strict accordance with directions given herewith. In no case shall MAR or the Seller be liable for consequential, special, indirect, or incidental damages or losses resulting from the handling or use of this product. The foregoing is a condition of sale by MAR and is accepted as such by the Buyer.
