

# ALTITUDE™ FOAM FIGHTER

## Defoaming Agent -- Anti-Foaming Agent

### PRINCIPAL FUNCTIONING AGENTS:

A proprietary blend of antifoaming agents, emulsifier and constituents ineffective as a spray adjuvant

**TOTAL**.....100%

All ingredients are exempt from tolerance under 40 CFR 180.

PROTECT FROM FREEZING  
KEEP OUT OF REACH OF CHILDREN  
CAUTION

### HAZARD STATEMENTS

Causes mild skin irritation.

Causes eye irritation.

### PRECAUTIONARY STATEMENTS

#### General:

If medical advice is needed, have product container or label at hand.

Keep out of reach of children.

Read label before use.

#### Prevention:

Wash hands, face and other affected areas thoroughly after handling.

#### Response:

Call a POISON CENTER or doctor/physician if you feel unwell.

**If skin irritation occurs:** Get medical advice/attention.

**IF IN EYES:** Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.

**If eye irritation persists:** Get medical advice/attention.

## PRECAUTIONARY STATEMENTS

Avoid contact with skin, eyes or clothing. Do not take internally. Do not eat, drink, smoke or chew gum while using this product. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco. In addition, follow precautionary statements on all products used with this material. Clean affected clothing, shoes, and protective equipment before reuse.

**Personal Protective Equipment:** Wear chemical splash eyewear, face shield and acid impermeable gloves, long-sleeve shirt and pants, rubber apron and shoes and socks.

## ADDITIONAL FIRST AID

Call a poison control center or doctor immediately for treatment advice. Have the product container with you when calling a poison control center or doctor, or going for treatment.

**If in Eyes:** Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses if present, after the first 5 minutes, then continue rinsing eye.

**If on Skin or Clothing:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes.

**If Swallowed:** Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

**If Inhaled:** Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth to mouth if possible.

## PRODUCT INFORMATION

ALTITUDE FOAM FIGHTER is both an excellent defoamer that quickly dissipates even stable foam structures and an efficient antifoaming agent that prevents the further formation of tank mix foam.

Use of ALTITUDE FOAM FIGHTER will prevent foaming that can cause the loss of accurate pesticide rates through spillover during mix agitation and eliminate the regeneration of foam during field applications.

## DIRECTIONS FOR USE

Follow the directions on all pesticide labels. If the pesticide does not specify the use of an antifoaming agent and a defoaming agent, follow the directions below. Use only if an antifoaming and a defoaming agent is allowed or not excluded on the label. If the user does not have experience with the mixture being applied, perform a jar test using the order and amounts in the mixture and perform a phytotoxicity test to ensure crop safety. Vigorous agitation, temperature variations and the characteristics of some actives may require an adjustment of the use rate.

## USE RATE

**Defoaming:** Briefly stop agitation, and squirt or sprinkle ALTITUDE FOAM FIGHTER directly on surface foam that has already accumulated. Add enough ALTITUDE FOAM FIGHTER to control foaming in the solution remaining in the tank.

**Antifoaming:** ALTITUDE FOAM FIGHTER should not be added to a dry tank. As the tank begins to fill, add the recommended amount of the active ingredient and then add ALTITUDE FOAM FIGHTER at a use rate of up to 2 ounces per 100 gallons of spray solution.

## STORAGE AND DISPOSAL

**Storage:** Store in a cool, dry place, between 40 °F and 90 °F. ALTITUDE FOAM FIGHTER will thicken in cold temperatures and will freeze below 32 °F (0 °C). Freeze and thaw cycles may cause the product to separate. Simply warm and shake the container to help restore the material to its normal consistency for each use after that. Store in original container only. Do not add anything to the container. Keep container tightly sealed when not in use.

**Disposal:** Do not reuse empty container. Triple rinse (or equivalent) during mixing and loading. Recycling decontaminated containers is the best option of container disposal if allowed by law. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your state and local ACRC recycler visit the ACRC web page at [www.acrecycle.org](http://www.acrecycle.org). Decontaminated containers and materials must be disposed of in a manner allowed by local, state and federal laws and regulations.

## WARRANTY

Seller warrants that this product conforms to its chemical description and is reasonably fit for the purpose stated on the label, when used in accordance with directions under normal conditions of use, but fitness for a particular purpose, expressed or implied, extends to the use of this product contrary to label instructions, or under abnormal conditions, or under conditions not reasonably foreseeable to the seller, and buyer assumes the risk of any such use.
