

BUTTE™

NON-IONIC SURFACTANT • PENETRANT
REPLACEMENT FOR OIL CONCENTRATES

PRINCIPAL FUNCTIONING AGENTS:

Vegetable Oil Ethoxylates, tall oil fatty acids	95.00%
Constituents Ineffective as a Spray Adjuvant	5.00%
TOTAL:	100.00%

HAZARD STATEMENTS

May be harmful if swallowed.

May be harmful in contact with skin.

May be harmful if inhaled.

Causes mild skin irritation.

Causes eye irritation.

PRECAUTION: Wear protective gloves and clothing. **DO NOT** breathe mists/vapors. Remove contaminated clothing and wash before reuse.

PRECAUTIONARY STATEMENTS

General:

If medical advice is needed, have product container or label at hand.

Keep out of reach of children.

Read label before use.

Prevention:

Wash hands, face and other affected areas thoroughly after handling.

Response:

Call a POISON CENTER or doctor/physician if you feel unwell.

IF INHALED: Call a POISON CENTER or doctor/physician if you feel unwell.

If skin irritation occurs: Get medical advice/attention.

IF IN EYES: Rinse cautiously with water for several minutes.

Remove contact lenses, if present and easy to do. Continue rinsing.

if eye irritation persists: Get medical advice/attention.

PERSONAL PROTECTIVE EQUIPMENT

Wear chemical-resistant gloves, long-sleeved shirt and long pants, shoes plus socks when mixing or applying this product.

WARNING

Read Entire Label Before Using This Product

USE PRECAUTIONS

The addition of an adjuvant to some pesticides may increase the risk of phytotoxicity to certain susceptible crops, especially during periods of high humidity or other circumstances, which may increase the activity of spray solutions. Care should be exercised when using on new varieties or crops not previously treated with *BUTTE*.

GENERAL INFORMATION

BUTTE is a premium high concentrate 95% active low-foaming nonionic surfactant which will replace crop oil concentrates and modified seed oil concentrates. *BUTTE* is a unique surfactant, which improves the deposition and penetration of active ingredients into the target plant. *BUTTE* contains free fatty acids to improve rain fastness and wash-off resistance. *BUTTE* is designed for use with herbicides, fungicides, insecticides, defoliants, desiccants, plant growth regulators, and any other crop protection product where an oil concentrate or a nonionic surfactant is required or recommend. An integrated anti-foaming system helps minimize foam in the spray tank. The efficacy of *BUTTE* and the effects of the spray application may be affected by various environmental factors and the condition and operation of the sprayer. Periodic calibration of spray equipment and visual inspection of the spray application may necessitate an adjustment of the adjuvant rate. When used according to the Directions for Use, *BUTTE* is compatible with most pesticides and fertilizers.

DIRECTIONS FOR USE

BUTTE is intended for use with products registered for agricultural, horticultural, turf, ornamental, industrial, aquatic and non-crop uses. Read and follow all pesticide label directions. **DO NOT** use where the pesticide label specifically prohibits the use of an adjuvant. If the pesticide label neither recommends nor prohibits an adjuvant, the applicator must have previous experience with the adjuvant/ pesticide spray mixture or should apply a small test area before making large-scale applications.

Ground Application:

For pesticides where an oil concentrate is recommended: 1-3 pints per 100 gallons of spray solution. Typical use rate is 2 pints per 100.

Air Application:

For pesticides where an oil concentrate is recommended: 4-8 ounces per acre. Refer to pesticide label for minimum water volume per acre.

Aquatic Application:

For pesticides where an oil concentrate is recommended: 2-4 pints per 100 gallons of spray solution.

MIXING: Add *BUTTE* to the spray mix last and continue agitation.

STORAGE AND DISPOSAL

DO NOT contaminate water, food or feed by storage or disposal.

STORAGE: Store in original container only. Protect product from freezing. Prevent water from being introduced into the contents of this package. **DO NOT** use, spill, or store near heat or open flame.

DISPOSAL: Triple rinse container and pour rinsate into spray tank. **DO NOT** reuse container. Offer triple-rinsed container for recycling, or puncture & dispose of in a sanitary landfill or by other procedures approved by appropriate authorities.

WARRANTY

The directions for use of this product reflect the opinion of experts based on field use and tests. The directions are believed to be reliable and should be followed carefully. However, it is impossible to eliminate all risks inherently associated with use of this product. Crop injury, ineffectiveness or other unintended consequences may result because of such factors as weather conditions, presence of other materials, or use of the product in a manner inconsistent with its labeling, all of which are beyond the control of ALTITUDE CROP INNOVATIONS LLC. or the Seller. All such risks shall be assumed by the Buyer. ALTITUDE CROP INNOVATIONS LLC. warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes referred to in the Directions for Use, subject to the inherent risks referred to above. **ALTITUDE CROP INNOVATIONS LLC. MAKES NO OTHER EXPRESS OR IMPLIED WARRANTY OF FITNESS OR MERCHANTABILITY OR ANY OTHER EXPRESS OR IMPLIED WARRANTY. IN NO CASE SHALL ALTITUDE CROP INNOVATIONS LLC. OR THE SELLER BE LIABLE FOR CONSEQUENTIAL, SPECIAL OR INDIRECT DAMAGES RESULTING FROM THE USE OR HANDLING OF THIS PRODUCT.** ALTITUDE CROP INNOVATIONS LLC. and the Seller offer this product, and the Buyer and the User accept it, subject to the foregoing Conditions of Sale and Warranty, which may be varied only by agreement in writing signed by a duly authorized representative of ALTITUDE CROP INNOVATIONS LLC.
