

Safety data sheet According to 1907/2006/EC (REACH) and 1272/2008/EC (CLP)

Printing date: 05.24.2016

Revision date: 05.24.2016

Trade name: Herbex

SECTION 1: Identification of the substance/mixture and of the company undertaking

1.1. Product identifier

Trade name: Herbex

CAS No. :Mixture

1.2. Relevant identified uses of the substance or mixture and uses advised against

Use of the substance/preparation: Surfactant.

1.3. Details of the supplier of the Safety Data Sheet

Manufacturer/Supplier:

Organic Laboratories, Inc.

2963 SE Dominica Terrace

Stuart, FL 34997

(772) 286 5581

info@yourplantdoctor.com

1.4. Emergency telephone number:

ChemTel Inc.

(800) 255 3924, +1 (813) 248 0585

SECTION 2: Hazards identification

2.1. Classification of the substance or mixture

a) Classification according to Regulation (EC) No 1272/2008

The product is not classified as hazardous according to the Globally Harmonized System (GHS)

The product is not classified as hazardous according to the CLP regulation.

b) Classification according to Directive 67/548/EEC or Directive 1999/45/EC

Information concerning particular hazards for human and environment:

The product does not have to be labelled due to the calculation procedure of the "General Classification guideline for preparations of the EU" in the latest valid version.

Classification system:

The classification is according to the latest editions of the EU-lists, and extended by company and literature data.

The classification is in accordance with the latest editions of international substances lists, and is supplemented by information from technical literature and by information provided by the company.

Additional information:

Cero (0) percent of the mixture consists of the component(s) of unknown toxicity

2.2. Label Elements

Labelling according to Regulation (EC) No 1272/2008:

This product does not have a classification according to the CLP regulation.

Hazard pictograms:

Not regulated.

Signal word:

Not regulated

Hazard-determining components of labelling:

None

Hazard statements:

Not regulated

Precautionary statements:

Not regulated

Hazard description:

2.3. Other hazards

Results of PBT and vPvB assessment:

PBT:

Not applicable

vPvB:

Not applicable

Safety data sheet

According to 1907/2006/EC (REACH) and 1272/2008/EC (CLP)

Printing date: 05.24.2016

Revision date: 05.24.2016

Trade name: Herbex

SECTION 3: Composition/information in ingredients

3.1. Mixtures

Description: Mixtures of substances listed below with nonhazardous additions.

Component	Cas No.	ECHA EC Number
Sulfonated fish oil	8002-50-4	232-311-4

SECTION 4: First aid measures

4.1. Description of first aid measures

General information: If in doubt, seek medical advice.

After inhalation: Fresh air and rest. Get medical attention if any discomfort continues.

After skin contact: Remove contaminated clothing. Wash the skin immediately with soap and water. Get medical attention if any discomfort continues.

After eye contact: Immediately flush with plenty of water for up to 15 minutes. If worn, remove any contact lenses and open eyes wide apart. By prolonged rinsing, use tepid warm water to avoid damage to the eye. Contact physician if discomfort continues.

After swallowing: Rinse out mouth and then drink plenty of water. Do not induce vomiting; call for medical help immediately.

4.2. Most important symptoms and effects, both acute and delayed

Treat Symptomatically. The product may irritate the respiratory system and can cause itching, burning and coughing. Ingestion may cause discomfort. Inhalation: Prolonged or repeated exposure can cause dizziness.

Skin contact: Prolonged or repeated contact may cause irritation. Eye contact: Prolonged or repeated contact may cause irritation.

4.3. Indication of any immediate medical attention and special treatment needed

No specific treatment required, see section 4.1.

5.1. Extinguishing media

Suitable extinguishing agents: Dry-powder, carbon dioxide (CO₂), water mist or foam.

For safety reasons unsuitable extinguishing agents: DO NOT USE water with full jet

5.2. Special hazards arising from the substance or mixture:

Fire and explosion hazards: The product is not classified as flammable.

Hazardous combustion products: Carbon dioxide (CO₂), carbon monoxide (CO) and/or Sulphur dioxide (SO₂).

5.3. Advice for firefighters

Protective equipment: Use fresh air mask if product is involved in a fire. At evacuation use an approved escape mask, if possible. See also section 8.

Additional information: Containers close to fire should be removed immediately or cooled with water.

SECTION 6: Accidental release measures

6.1. Personal precautions, protective equipment and emergency procedures: Ensure adequate ventilation. For large spills, wear protective clothing. Particular danger of slipping on leaked/spilled product.

6.2. Environmental precautions: Do not allow to enter sewers/surface or ground water.

6.3. Methods and material for containment and cleaning up: Absorb with liquid-binding material (sand, diatomite, acid binders, universal binders, sawdust). Pick up mechanically. Dispose contaminated material as waste according to item 13. Wash the contaminated surface with water.

6.4. Reference to other sections:

See Section 7 for information on safe handling.

See Section 8 for information on personal protection equipment.

See Section 13 for disposal information.

Safety data sheet

According to 1907/2006/EC (REACH) and 1272/2008/EC (CLP)

Printing date: 05.24.2016

Revision date: 05.24.2016

Trade name: Herbex

SECTION 7: Handling and storage

- 7.1. Precautions for safe handling:** Provide adequate ventilation. Use protective equipment as referred in section 8. Avoid spilling, skin and eye contact. Wash hands at the end of each work shift and before eating, smoking and using the toilet. Do not eat, drink or smoke during work.
- 7.2. Conditions for safe storage, including and incompatibilities:**
Storage: Store dry in a well-ventilated place.
Conditions to avoid: Avoid excessive heat, open flames or sources of ignition. Keep away from perchlorate.
Further information about storage conditions: Keep container tightly sealed.
- 7.3. Specific end use(s):** See section 1.2.

SECTION 8: Exposure controls/personal protection

Additional information about design of technical facilities: No further data; see item 7.

- 8.1. Control parameters**
Other information about threshold limit values: Contains no substances with occupational exposure limit values.
- 8.2. Exposure controls:**
- 8.3. Personal protective equipment:**
General protective and hygienic measures: The usual precautionary are to be adhered to when handling chemicals. Keep away from foodstuffs, beverages and feed. Avoid contact with eyes.
Respiratory protection: No required under normal conditions of use. For large spills, respiratory protection may be advisable.
Protection of hands: Gloves not required under normal conditions of use. Wear protective gloves to handle contents of damaged or leaking units. The glove material has to be impermeable and resistant to the product/the substance/ the preparation. Selection of the glove material on consideration of the penetration times, rates of diffusion and the degradation.
Material gloves: The selection of the suitable gloves does not only depend on the material, but also on further marks of quality and varies from manufacturer to manufacturer. As the product is a preparation of several substances, the resistance of the glove material cannot be calculated in advance and has therefore to be checked prior to the application.
Penetration time of glove material: The exact break through time has to be found out by the manufacturer of the protective gloves and has to be observed.
Eye protection: Wear safety glasses
Body protection: Not required under normal conditions of use.
Limitation and supervision of exposure into the environment: No special requirements.
Risk management measures: No special requirements.

SECTION 9: Physical and chemical properties

9.1. Information on basic physical and chemical properties:

General Information

Appearance

Form: Liquid
Colour: Clear amber

Odour: Slight fishy

Odour threshold: Not available

pH-value: 6.5

Change in condition

Melting point/Melting range: Undetermined

Boiling point/Boiling range: >200 °F (100 °C)

Flash point: Not applicable

Flammability (solid, gaseous): Not applicable

Auto/Self-ignition temperature: Not applicable

Safety data sheet

According to 1907/2006/EC (REACH) and 1272/2008/EC (CLP)

Printing date: 05.24.2016

Revision date: 05.24.2016

Trade name: Herbex

Decomposition temperature:	Not available
Self-igniting:	Not self-ignition product
Danger of explosion:	No
Explosion limits:	
Lower:	Not applicable
Upper:	Not applicable
Vapour pressure at 20 °C:	Not available
Density at 20 °C:	1.02 g/ml
Relative density:	9.6 lb./gal (1.15 Kg/L)
Vapour density:	Not available
Evaporation rate:	Not available
Solubility in Miscibility with water:	99%
Partition coefficient (n-octanol/water):	Not available
Viscosity:	
Dynamic:	Not determined
Kinematic:	Not determined

9.2. Other information: No further relevant information available

SECTION 10: Stability and reactivity

10.1. Reactivity:

No further relevant information available.

10.2. Chemical stability:

No further relevant information available.

Thermal decomposition / conditions to be avoided:

No decomposition if used and stored according to specifications.

10.3. Possibility of hazardous reactions:

No further relevant information available.

10.4. Conditions to avoid:

No further relevant information available.

10.5. Incompatible materials:

No further relevant information available.

10.6. Hazardous decomposition products: None under normal conditions. See also section 5.2

SECTION 11: Toxicological information

11.1. Information on toxicological effects

Acute toxicity: Not available

LD/LC50 values relevant for classification:

Primary irritant effect:

on respiratory tract: May irritate respiratory system or lungs if prolonged or repeated exposure to this chemical. May cause dizziness.

on the eye: Symptoms such as watery eyes and burning may occur. Prolonged or repeated contact may cause irritation

on the skin: No skin irritation expected. Symptoms such as redness and itching of the skin may occur

on the digestive tract: May cause discomfort if swallowed. Ingestion of large amounts may cause abdominal pain, nausea, diarrhea and vomiting.

Sensitization: None of the substances mentioned in section 3 is considered to have sensitizing effects according to current labelling rules.

Safety data sheet

According to 1907/2006/EC (REACH) and 1272/2008/EC (CLP)

Printing date: 05.24.2016

Revision date: 05.24.2016

Trade name: Herbex

Subacute to chronic toxicity:

Additional toxicological information: The product is not subject to classification according to the calculation method of the General EU classification Guidelines for Preparations as issued in the latest version.

When used and handled according to specifications, the product does not have any harmful effects to our experience and the information provided to us.

Acute effects (acute toxicity, irritation and corrosivity): From product as supplied: None.

Repeated dose toxicity: No further relevant information available.

SECTION 12: Ecological information

12.1. Toxicity

Aquatic toxicity: No further information available.

12.2. Persistence and degradability: The product is biodegradable.

12.3. Bio-accumulative potential: The product will not bio-accumulate.

12.4. Mobility in soil: The product is water soluble and may spread in water systems.

12.5. Results of PBT and vPvB assessment

PBT: PBT assessment has not been performed.

vPvB: vPvB assessment has not been performed.

12.6. Other adverse effects: Release of large amounts may increase the supply of nitrogen compounds in the environment and may lead to increased algal growth. Do not allow to enter into sewer, water system or soil.

SECTION 13: Disposal considerations

13.1. Waste treatment methods

Recommendation: Collect in marked containers and deliver to approved depot. The waste code (EWC-Code) is intended as a guide. The user must select a code if the use differs from the one mentioned above.

13.2. Uncleaned packaging

Recommendation: Disposal must be made according to official regulations.

Recommend cleansing agents: Water.

Recommended procedure: Empty the remaining contents into application equipment or a mix tank and drain for 10 seconds after the flow begins to drip. Fill the container 1/4 full with water and recap. Shake for 10 seconds. Pour rinsate into application equipment or a mix tank or store rinsate for later use or disposal. Drain for 10 seconds after the flow begins to drip. Repeat this procedure two more times.

SECTION 14: Transport information

14.1. UN-Number (DOT, ADR, AND, IMDG, IATA): Not regulated

14.2. UN proper shipping name (DOT, ADR, AND, IMDG, IATA): Not regulated

14.3. Transport hazard class(es) (DOT, ADR, AND, IMDG, IATA): Not regulated

14.4. Packing group (DOT, ADR, AND, IMDG, IATA): Not regulated

14.5. Environmental hazards (marine pollutant): No

14.6. Special precautions for user: Not applicable

14.7. Transport in bulk according to Annex II of

MARPOL73/78 and the IBC Code: Not applicable

UN "Model Regulation": Not applicable

Safety data sheet

According to 1907/2006/EC (REACH) and 1272/2008/EC (CLP)

Printing date: 05.24.2016

Revision date: 05.24.2016

Trade name: Herbex

SECTION 15: Regulatory information

15.1. Safety, health and environmental regulations/legislation specific for the substance or mixture

Carcinogenic Categories

IARC (International Agency for Research on Cancer)

None of the ingredients are listed.

TLV (Threshold Limit Value established by ACGIH)

None of the ingredients are listed.

Other regulations, limitations and prohibitive regulations

Substances of very high concern (SVHC) according to REACH, Article 57

None of the ingredients are listed.

15.2. Chemical safety assessment: Has not been carried out for this product.

SECTION 16: Other information

This information is based on our present knowledge. However, this shall not constitute a guarantee for any specific product features and shall not establish a legally valid contractual relationship.

Abbreviations and acronyms:

ADR: Accord européen sur le transport des marchandises dangereuses par Route (European Agreement concerning the International Carriage of Dangerous Goods by Road)

IMDG: International Maritime Code for Dangerous Goods

DOT: US Department of Transportation

IATA: International Air Transport Association

GHS: Globally Harmonized System of Classification and Labelling of Chemicals

ACGIH: American Conference of Governmental Industrial Hygienists

EINECS: European Inventory of Existing Commercial Chemical Substances

ELINCS: European List of Notified Chemical Substances

CAS: Chemical Abstracts Service (division of the American Chemical Society)

DNEL: Derived No-Effect Level (REACH)

PNEC: Predicted No-Effect Concentration (REACH)

LC50: Lethal concentration, 50 percent

LD50: Lethal dose, 50 percent
