

Howard Johnson's Prodiamine Plus Fertilizer

Page 1 of 4

Section 1: Product Identification

Product Name: Howard Johnson's Crabgrass Control Plus with 0.37% Prodiamine

5-5-25

EPA Reg. Number: 32802-66 (.37%)

Chemical Name: Mixture. Granular Fertilizer impregnated with Prodiamine herbicide

Shipping Not regulated by U.S. DOT for all modes of transportation within the

Information: U.S.

Section 2: Composition/Information on Ingredients

Chemical Name	CAS Registry Number	OSHA PEL	ACGIH TLV	SARA 313 Reportable
Prodiamine: (N³,N³-Di- <u>n</u> -propyl-	29091-21-2	None	None	No No
2,4-dinitro-6-(trifluoromethyl)- <u>m</u> -phenelenediamine				
Crystalline Silica (quartz)*	14808-60-7	0.1 mg/m^3	0.1 mg/m^3	No

^{*}May be present as a naturally occurring mineral in the fertilizer ingredients used in this formulation. The respirable portion of crystalline silica in this product is very small, and excessive inhalation is unlikely under normal conditions of use

Section 3: Physical and Chemical Properties

Physical Form:	Granular Solid	Bulk Density:	Not established			
рН:	Not applicable	Refractive Index:	Not applicable			
Boiling Point:	Not applicable	Freezing Point:	Not applicable			
Solubility in Water:	Partial	Viscosity:	Free-flowing granules			
Vapor Pressure:	Not established	Vapor Density:	Not established			
Percent Volatile:	Not established	Evaporation Rate:	Not established			
Appearance and Odor:	Multi-colored granules with a bland, characteristic odor.

Section 4: Fire and Explosion Hazard Data

Flash Point (°F): Not Flammable Flash Point Method: Not applicable

Auto Ignition Temp. (°F): Not applicable

Explosive Upper Limit (UEL): Not applicable

Lower Limit (LEL): Not applicable

Limits:

Skin

Extinguishing

Water, carbon dioxide, dry chemical or foam.

Media:

Procedures:

Special Firefighting Fire fighters should wear full protective gear and self-contained

breathing apparatus. Contain runoff to prevent pollution. Fumes and

smoke from fire may be hazardous.

Unusual Fire or

Explosion Hazards:

None.

Section 5: Health Hazard Data

Primary Routes of Entry: Inhalation, ingestion, skin or eye contact.

Signs and Symptoms of Over-Exposure:

Eye Acute: Slight, reversible irritation to the Chronic: None reported.

Contact: eye

Acute: May cause slight mechanical Chronic: Possible skin sensitization or

Contact: irritation.

rritation. allergic reaction in susceptible

persons.

Inhalation: Acute: Excessive inhalation of fertilizer Chronic: Excessive inhalation of

dust may irritate nose, throat and crystalline silica (quartz) may

upper respiratory tract. cause lung injury.

Ingestion: Acute: No specific symptoms of over- Chronic: Prolonged or repeated

exposure to the herbicide active or ingredient are known to occur.

Ingestion of fertilizer

components may cause nausea, vomiting, cramps, and diarrhea.

overexposure may cause liver

and thyroid effects.

Howard Johnson's Prodiamine Plus Fertilizer

Page 3 of 4

Emergency First Aid Procedures:

Eye Hold eyelids open and flush with lots of water for 15 minutes. If irritation persists after

flushing, get medical attention. Contact:

Skin Remove contaminated clothing and wash skin with soap and water. If irritation

develops after washing, get medical attention. Contact:

Inhalation: Remove person to fresh air. If breathing stops, give artificial respiration and get medical

attention.

Call a physician or poison control center. Give person 1-2 glasses of water to drink, and Ingestion:

> induce vomiting by touching back of throat with finger. If Syrup of Ipecac is available, give 1 tablespoon (15 ml) followed by 1-2 glasses of water. If vomiting does not occur within 20 minutes, repeat dosage once. Never induce vomiting or give anything by mouth to an unconscious or convulsing person. Note to physician: No specific

antidote is available. Treat symptomatically.

Existing skin irritation or lesions, asthma or pulmonary Medical conditions aggravated by

disease. exposure:

Target Organs: Prolonged or repeated overexposure may cause liver and thyroid effects.

Crystalline silica (quartz) component is classified as a carcinogen by NTP and Carcinogens:

IARC.

Section 6: Reactivity Data

Stability: Stable

Chemical incompatibilities: Strong oxidizers

Conditions to avoid: None – product is stable

Hazardous Decomposition Thermal decomposition (burning) may produce CO, CO₂, NO_x,

Products:

Will not occur Hazardous Polymerization:

Section 7: Accidental Release Procedures

Large Spill or Leak Isolate and contain spill. Remove unauthorized persons from spill area. Procedures:

Do not walk through spilled materials. Wear suitable protective gear.

Carefully sweep or scoop spilled material and place in a closed, labeled container for use or disposal. Scrub contaminated surfaces with

detergent and water, and collect wash water solution for proper disposal according to label directions. Do not allow spilled material to enter

streams, sewers or other waters.

Small Spill or Leak

Procedures:

Wear protective clothing as recommended on label. Sweep up spilled

material for use according to label directions.

Waste Disposal Consult state or local environmental agency for disposal of waste

Methods: generated by a spill. Wastes from the use of this product according to

CORPORATE OFFICE

700 W. VIRGINIA STREET 414-276-1505 **SUITE 222** 800-298-4656 MILWAUKEE, WI 53204 414-276-4184 FAX

Howard Johnson's Prodiamine Plus Fertilizer Page 4 of 4 label directions may be disposed as specified on product label.

Section 8: Exposure Controls and Personal Protection

Engineering Controls – This product is designed for outdoor use only, and ventilation is

Ventilation: not normally required. Local exhaust may be necessary when

handling this product in an enclosed area.

Follow all precautions and directions for use on product label. Administrative Controls:

Protective Clothing and Wash thoroughly after handling and before eating, drinking,

smoking or using the toilet. Equipment:

Respiratory Protection: For normal handling and use, a respirator is not required. For

> excessively dusty conditions, use a dust mask approved by MSHA/NIOSH. See OSHA regulations in 29 CFR § 1910.134

before using any respirator or dust mask.

Eye Protection: Good safety practices suggest the use of goggles to prevent contact

with eyes.

Hand Protection: Good safety practices suggest the use of chemical-resistant (natural

rubber) gloves, to prevent skin contact.

Skin Protection: Wear long-sleeved shirt and long trousers to reduce skin contact.

Contaminated Launder contaminated clothing separately from street clothes. Equipment: Clean contaminated boots/shoes and other equipment with

detergent and water immediately after use.

Safety Stations: Clean water should be available to flush eyes and/or skin in case of

accidental contact.

Section 9: Handling and Storage Precautions

Wear suitable protective gear when handling open containers. Do not Handling Precautions:

take internally. Avoid contact with eyes, skin or clothing. Wash

thoroughly after handling.

Storage Store in a locked, dry area, away from feed or food, and out of reach of

children, pets and domestic animals. Keep containers tightly closed Requirements:

when not in use. Store in original container only. Do not remove or destroy product label. Dispose of empty containers as specified on

product label.
