

# Power Zinc 9% EDTA

POWER-LINE

## DIRECTIONS FOR USE

**FOLIAR APPLICATION:** *Power Zinc 9% EDTA* may be applied with water or in combination with most pesticides. Thorough coverage and the use of wetting agents often enhances uptake of foliar sprays. Crop Sensitivity will determine application rate and dilution factors and the application method. Avoid applying this product when plants are suffering from moisture stress. If there is any doubt, first apply the spray solution to a test area of the crop or foliage to determine potential phytotoxicity or other undesirable effects.

**SOIL APPLICATION:** Dilution of this product is recommended to insure uniform coverage. This dilution may be made with fertilizer solutions, water or with compatible pesticides (use the standard jar test to determine compatibility.) Soil applications may be made by drip, sprinkler or furrow irrigation systems or in a band or broadcast fertilizer applications. For trees or individual plants, the chelate may be diluted as above or sprinkled directly on the soil uniformly under the plant's drip line, then watered in.

## GUARANTEED ANALYSIS

Zinc (Zn) ..... 9.00%  
Derived from: zinc oxide, ammonium hydroxide,  
ethylenediaminetetraacetate acid

## KEEP OUT OF REACH OF CHILDREN

### WARNING

#### Hazard Statements:

Causes skin irritation  
Causes eye irritation

#### FIRST AID

**IF SWALLOWED:** Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious or convulsing person.

**IF INHALED:** Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice.

**IF IN EYES:** Hold eye open and rinse slowly and gently with water for 15 to 20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

**IF ON SKIN OR CLOTHING:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15 to 20 minutes. Call a poison control center or doctor for treatment advice.

#### PRECAUTIONARY STATEMENTS

**WARNING:** Causes moderate eye irritation. Avoid contact with skin, eyes or clothing. Avoid breathing spray mist. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum or smoking tobacco. Remove and wash contaminated clothing before reuse.

#### PERSONAL PROTECTIVE EQUIPMENT

**Applicators and other handlers must wear:** Chemical-resistant gloves, long-sleeved shirt and long pants, and shoes plus socks.

*Power Zinc 9% EDTA* is a fully chelated solution of Zinc EDTA and is recommended for the prevention and correction of Zinc deficiencies in crops.
