FIFRA

Section 2(ee) Recommendation

Date: May 17, 2012

Products: Agri-Mek® SC Miticide/Insecticide
EPA Registration No. 100-1351

Use: To aid in control of first generation European Grapevine Moth (*Lobesia botrana*) in Grapes

State: CA

This is a recommendation of FIFRA Section 2(ee) as it relates to the use of Agri-Mek® SC Miticide/Insecticide to aid in control of first generation European Grapevine Moth in grapes. The user must refer to the federally approved label and read and follow all directions for use, restrictions, and precautions.

Directions for Use

It is violation of federal law to use this product in a manner inconsistent with its labeling.

Agri-Mek® SC Miticide/Insecticide will aid in control of first generation European Grapevine Moth when applied at the rate of 2.25-3.5 fluid oz/A with a non-ionic surfactant using thorough spray coverage. Make application at or shortly after egg hatch. Application of other products may be required for an acceptable level of control of first generation European Grapevine Moth.

The user must refer to the federally approved Agri-Mek® SC Miticide/Insecticide label and read and follow all directions for use, restrictions, and precautions. It is a violation of federal law to use this product in a manner inconsistent with its labeling.

The user should have this recommendation in their possession at the time of use.

This recommendation is made as permitted by Section 2(ee) of FIFRA, as amended, and has not been submitted to or approved by the EPA.
