

Section 2(ee) Recommendation

Date: October 21, 2013

Product: Secure®
EPA Reg. No. 71512-20-100

Use: Suppression of rapid blight (*Labyrinthula terrestris*) as disease of turfgrasses such as perennial ryegrass, *Poa annua* and *Poa trivialis*.

State: Oregon

Directions for Use

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

Disease	Rate (fl oz per 1000 sq ft)	Application Interval/ Timing	Instructions
Rapid blight (<i>Labyrinthula terrestris</i>)	0.5	14 days	Apply as a preventive application. Can be tank-mixed with other fungicides labeled for control of rapid blight. Secure is a different mode of action than currently registered fungicides.

Do not exceed 258 fl oz Secure (8.4 pounds active ingredient) per acre per year.

The user must refer to the federally approved labels for the above noted product and read and follow all directions for use, restrictions, and precautions.

The user should have this recommendation in its possession at the time of use.

This recommendation for use of Secure® is permitted under Section 2(ee) of FIFRA and has not been submitted to or been approved by EPA.
