DUPONT™ ASSURE® II HERBICIDE

EPA Reg. No. 352-541

FOR USE ONLY ON QUIZALOFOP-TOLERANT DOW ENLIST™ FIELD CORN (DAS-40278-9) GROWN FOR RESEARCH, FIELD TRIALS, AND SEED PROPAGATION IN THE STATES OF AL, AR, CO, DE, FL, GA, IA, IL, IN, KS, KY, LA, MD, MI, MN, MO, MS, NC, ND, NE, NJ, NM, NY, OH, OK, PA, SC, SD, TN, TX, VA, WI AND WV

FOR USE ONLY BY DOW EMPLOYEES, LICENSEES, CONTRACTORS, SUBCONTRACTORS, AND APPLICATORS WORKING UNDER DOW'S SUPERVISION ON QUIZALOFOP-TOLERANT DOW ENLIST™ FIELD CORN GROWN FOR RESEARCH, FIELD TRIALS, AND SEED PROPAGATION. TREATED COMMODITIES ARE NOT ALLOWED FOR SALE OR CONSUMPTION.

This supplemental label expires on January 15, 2018 and must not be used or distributed after this date.

DANGER - PELIGRO

IMPORTANT

BEFORE USING ASSURE® II HERBICIDE, READ AND FOLLOW ALL APPLICABLE DIRECTIONS, RESTRICTIONS AND PRECAUTIONS ON THE EPA-REGISTERED LABEL.

This bulletin contains new or supplemental instructions for use of this product which do not appear on the EPA-registered package label. Follow the instructions carefully.

This labeling must be in the possession of the user at the time of pesticide application.

Read the Limitation of Warranty and Liability on the Section 3 Federal product label before buying or using THIS product. If terms are not acceptable; return the unopened package at once to Seller for full refund of purchase price paid. Otherwise; use by Buyer or any other User constitutes acceptance of the terms of the Limitation of Warranty and Liability on the Section 3 Federal product label.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Do not use this product until you have read the entire label. Do not apply this product in a way that will contact workers or other persons, either directly or through drift. Only protected handlers may be in the area during application.

For any requirements specific to your State or Tribe, consult the agency responsible for pesticide regulation.

PRODUCT INFORMATION

DuPont™ Assure® II Herbicide is a liquid herbicide that contains the active ingredient quizalofop-p-ethyl (quizalofop), and is applied as a foliar spray to control certain grassy weeds in the seed propagation of field corn containing the Dow Enlist™ herbicide tolerant trait (DAS-40278-9). Assure® II may also be applied to remove susceptible “segregates”, i.e., undesirable corn plants that do not contain the Dow Enlist™ trait, during seed propagation.

- Use of Assure® II for seed propagation of Dow Enlist™ field corn may only be done under applicable agreement(s), and following all applicable instructions.
- Inbred lines or breeding material not possessing the Dow Enlist™ trait will be severely injured or killed if treated with Assure® II.
- Only use this product for propagation of field corn seed specifically identified as containing the Dow Enlist™ trait. Use on other corn varieties or hybrids will result in severe injury and/or death of the crop.

APPLICATION DIRECTIONS

Chemigation: Do not apply this product through any type of irrigation system.

Aerial Application: Do not aerially apply this product.

For use only on quizalofop-tolerant Dow Enlist™ field corn (DAS-40278-9) grown for research, field trials, and seed production, including USDA regulated plantings or seed production.

RESTRICTIONS

- For use only by Dow employees, licensees, contractors, subcontractors, applicators, and University Weed Scientists under Dow's supervision.
- Do not make more than 2 applications or more than a total of 12 fl/acre of Assure® II per crop season.
- **No portion of the treated plants may be used for human or animal consumption and cannot be used or processed for food or feed. Corn plants treated with Assure® II must be destroyed post-harvest.**
- **Do not use Dow Enlist™ corn plants treated with Assure® II for fodder or hay. Harvested seed of Assure® II - treated Dow Enlist™ corn cannot be used or processed for food or feed.**
- **All seed must remain in a secure facility per relevant agreement(s).**
- Application of Assure® II on Dow Enlist™ field corn is for seed propagation only as a nonfood/nonfeed use, as no tolerances have been established on corn commodities.
- Do not graze livestock in treated areas.
- Do not apply by air.
- Do not apply through any type of irrigation system.
- Seed from treated plants must only be used for breeding purposes or commercial corn hybrids. Seed from Assure® II treated plants must be labeled as follows “Do not use for feed, food, or oil purposes.”

USE RATE

For detection and control of susceptible field corn “segregates”, apply Assure® II at 5 - 12 fl oz/acre to Enlist™ field corn grown for seed. Apply Assure® II exclusively to corn seed production fields in which the desired plants contain the Enlist™ trait.

Refer to the main Section 3 label for weed control and tank mixture information.

SPRAY ADJUVANTS

Applications of Assure® II must include either a crop oil concentrate or nonionic surfactant. Consult main Section 3 label for adjuvant requirements.

APPLICATION TIMING

Apply Assure® II to emerged Dow Enlist™ field corn that is at the V2 through V6 stage of development.

Best results are obtained when applications are made to actively growing plants. Assure® II is rainfast 1 hour after application.
