

ETIRA

Section 24(c) Special Local Need Label

FOR DISTRIBUTION AND USE ONLY WITHIN THE STATE OF TEXAS

FOR APPLICATIONS TO PUBLIC WATERS IN PONDS, LAKES, RESERVOIRS, MARSHES, BAYOUS, DRAINAGE DITCHES, CANALS, STREAMS, RIVERS AND OTHER SLOW MOVING OR QUIESCENT BODIES OF WATER FOR CONTROL OF AQUATIC WEEDS. REWARD LANDSCAPE AND AQUATIC HERBICIDE SHALL BE APPLIED ONLY TO PUBLIC BODIES OF WATER BY COMMERCIAL OR NONCOMMERCIAL APPLICATORS, OR BY PERSONS UNDER THEIR DIRECT SUPERVISION. THE COMMERCIAL OR NONCOMMERCIAL APPLICATOR MUST BE CERTIFIED IN THE CATEGORY APPLICABLE TO THE APPLICATION OF RESTRICTED USE PESTICIDES IN AQUATIC WEED CONTROL.

PRIOR TO USING REWARD LANDSCAPE AND AQUATIC HERBICIDE IN PUBLIC WATERWAYS, APPLICATORS SHOULD OBTAIN AND REVIEW THE SPECIFIC STEWARDSHIP TRAINING MATERIAL AND ATTEND APPROVED TRAINING SESSIONS ON THE USE OF REWARD HERBICIDE GIVEN BY SYNGENTA CROP PROTECTION, INC.

REWARD[®] Landscape and Aquatic Herbicide

**EPA REG. NO. 100-1091
EPA SLN NO. TX-040008**

FAILURE TO FOLLOW THE DIRECTIONS FOR USE AND PRECAUTIONS ON THIS LABEL MAY RESULT IN POOR PEST CONTROL, CROP INJURY, OR ILLEGAL RESIDUES.

DIRECTIONS FOR USE

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

Follow all applicable directions, restrictions, and precautions including statements pertaining to the Worker Protection Standards, on the EPA-registered Reward Landscape and Aquatic Herbicide label.

This label must be in the possession of the user at the time of application.

Water Use Restrictions Relative to Operating Potable Water Intakes

Flowing Water (e.g., rivers, streams, canals): Do not apply within 1600 feet upstream or within 400 feet downstream of operating potable water intake sites *or* for **Standing Water** (e.g. lakes, reservoirs): Do not apply within 1400 feet for rates at 2 gals/acre, or within 700 feet for rates at 1 gal/acre, or within 400 feet for rates equal to or less than 0.5 gal/acre of potable water intake sites.

For rates between 1 and 2 gal/acre, distance may be adjusted (e.g. 1 ¾ = 1225', 1 ½ = 1050', 1 ¼ = 875').

To make applications within these restricted areas, the intake must be turned off for the time period specified on the Federal label [titled “Water Use Restrictions Following Applications with Reward” (see below)] or until the treated area contains less than the designated maximum contaminant level (MCL) of 0.02 mg/L (ppm) of diquat dibromide (calculated as the cation by an approved assay [example: PAM II Spectromatic Method]).

Refer to the Aquatic Use Directions on the EPA Federal label for the list of aquatic weeds controlled, rate recommendations, and recommended methods of application.

WATER USE RESTRICTIONS FOLLOWING APPLICATIONS WITH REWARD Landscape and Aquatic Herbicide (Days)

Application Rate	Drinking	Fishing and Swimming	Livestock Consumption	Spray Tank Applications** and Irrigation to Turf and Ornamentals	Spray Tank Applications** and Irrigation to Food Crops
2 gal/surface acre	3 days	0	1 day	3 days	5 days
1 gal/surface acre	2 days	0	1 day	2 days	5 days
0.75 gal/surface acre	2 days	0	1 day	2 days	5 days
0.50 gal/surface acre	1 day	0	1 day	1 day	5 days
Spot spray* (< 0.5 gal/surface area)	1 day	0	1 day	1 day	5 days

* Rates refer to total surface area.

** For preparing agricultural sprays for food crops, turf or ornamentals (to prevent phytotoxicity), do not use water treated with REWARD landscape and Aquatic Herbicide before the specified time period.

When the contents of more than one spray tank is necessary to complete a single aquatic application, no water holding restrictions apply between the consecutive spray tanks.

No applications are to be made in areas where commercial processing of fish, resulting in the production of fish protein concentrate or fish meal, is practiced. Before application, coordination and approval of local and/or State authorities must be obtained.

PRECAUTIONS AND RESTRICTIONS

Posting Requirements: All treated areas must be posted 24 hours prior to any treatments. “Posting” shall be removed at the end of restriction period.

General requirements for “Posting Notification”:

- Flowing water: “post” the restricted area (within 1600 feet downstream of treatment) for the duration of the water use restriction.
- Standing water: “post” the restricted area (within 400 feet of treatment) for the duration of the water use restriction.

No "posting" is necessary where water use is greater than 1600 feet downstream of treated water in flowing water bodies or where water use is greater than 400 feet from treated water in standing water bodies.

Prior to using this product in a particular county, contact either the local Extension Service Office, the U.S. Fish and Wildlife Service or other appropriate State or Federal agency for procedures and precautions to protect the endangered or threatened species.

Persons using this product must comply with all applicable directions, restrictions, precautions and worker safety rules found on this labeling and that of the federally registered REWARD Landscape and Aquatic Herbicide label.
