Python® WDG herbicide
EPA Reg. No. 62719-277

2(ee) Recommendation†
For Distribution and Use only in the State of Michigan

Tank Mix of Python WDG plus FirstRate

ATTENTION
†This recommendation is made as permitted under FIFRA 2(ee) and has not been submitted to or approved by the EPA or state lead pesticide agency.
• It as a violation of Federal law to use this product in a manner inconsistent with its labeling.
• Read and follow all label precautions and limitations imposed by labels affixed to product containers. When tank mixing, the most restriction limitations must be followed.

Directions for Use
Python® WDG herbicide can be tank-mixed with FirstRate® herbicide for broad spectrum weed control in soybeans. The tank mixture can be preplant surface applied in minimum or no tillage systems, preplant incorporated, or applied as a preemergence treatment.
