

Parallel™ PCS Herbicide

EPA Reg. No. 66222-86

FOR USE ON ROUNDUP READY® COTTON ONLY

**FOR USE AND DISTRIBUTION ONLY
IN THE STATE OF TEXAS**

FIFRA Section 2(ee) Recommendation: This recommendation is made as permitted under FIFRA Section 2(ee) and has not been submitted to or accepted by the US Environmental Protection Agency. It is a violation of Federal law to use this product in a manner inconsistent with its label. This product bulletin must be in the possession of the user at the time of pesticide application. Follow all applicable directions, restrictions, Worker Protection Standard requirements, and precautions on the EPA registered label.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product inconsistent with its labeling.

GENERAL DIRECTIONS

Apply PARALLEL PCS broadcast over-the-top or directed to the soil surface, according to the rate and cotton height limitations listed below by state. Application before weeds emerge or after clean cultivation to remove existing weeds is necessary since PARALLEL PCS will not control emerged weeds. PARALLEL PCS postemergence may be applied over any previous registered herbicide treatment. In sprinkler-irrigated areas, sprinkler-irrigate after application with ½ - 1 inch of water (½ inch on coarse-textured soils to 1 inch on fine-textured soils) to incorporate PARALLEL PCS. In furrow-irrigated areas, apply PARALLEL PCS, incorporate with a rolling cultivator or similar implement that provides uniform shallow incorporation (2 inches or less), and then irrigate. In non-irrigated areas, if at least ½ inch of rainfall does not occur within 10 days after application, cultivate with a rolling cultivator or similar implement that provides uniform shallow incorporation of PARALLEL PCS.

In Texas, apply PARALLEL PCS at 1.0-1.33 pts./A when cotton is 3-12 inches tall, but before August 1. PARALLEL PCS may be applied in tank mix combination with RoundUp® (or other glyphosate-containing products) on RoundUp Ready® cotton only at rates specified on the Round Up (or other glyphosate-containing product) label. Refer to the labels for all products used in the tank mix for all restrictions, precautions, and directions for use when applying to cotton.
