Grasp[®] SC

EPA Reg. No. 62719-500

2(ee) Recommendation[†]

For Distribution and Use Only Within the State of Louisiana

Control of Aquatic Weeds in Water-Seeded Rice

ATTENTION

[†] This recommendation is made as permitted under FIFRA Section 2(ee) and has not been submitted to or approved by the EPA.

- It is a violation of Federal law to use this product in a manner inconsistent with its labeling.
- Read the label affixed to container for Grasp[®] SC herbicide before applying. Carefully follow all precautionary statements and applicable use directions.
- Except as specified in this product bulletin, use of Grasp SC is subject to all use precautions and limitations imposed by the label affixed to the container for Grasp SC.

Directions for Use

Grasp SC may be applied to water-seeded rice from rice pegging at 1 leaf stage with no exposed roots up to 60 days before harvest for control of the following aquatic weeds. Within this application window, application timing is dependent upon cultural practices and optimum timing for weed species present (see Application Rates and Weeds Controlled).

Use of an agriculturally approved crop oil concentrate or methylated seed oil adjuvant at a minimum of 1 quart per acre is necessary with Grasp SC. Read and follow all use directions and precautions on crop oil concentrate and methylated seed oil labels.

Refer to the product label for Grasp SC for all Precautions, Restrictions, and Instructions for use in water-seeded rice.

Application Rates and Weeds Controlled

Weeds Controlled Common Name (scientific name)	Application Rate and Stage of Weed Development	
	2 to 2.3 fl oz/acre	2.3 to 2.8 fl oz/acre
dwarf spike rush (<i>Eleocharis parvula</i>) gooseweed (<i>Sphenoclea zeylancia</i>) hedge hyssop (<i>Gratiola neglecta</i>) narrow leaf aster (<i>Aster tenuifolius</i>) parrotfeather (<i>Myriophyllum aquaticum</i>) pickerel weed (<i>Pontederia cordata</i>) spike rush (<i>Eleocharis obtuse</i>) water plantain (bull tongue) (<i>Sagittaria lancifolia</i>)	up to 7 leaf	<12"
Weeds Suppressed Common Name (scientific name)		
rush (<i>Juncus</i> L.)	--	<12"
