WARNING/AVISO

Si usted no entiende la etiqueta, busque a alguien para que se la explique a usted en detalle. (If you do not understand the label, find someone to explain it to you in detail.)

DIRECTIONS FOR USE

This labeling must be in the possession of the user at the time of pesticide application.

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

All applicable directions, restriction, and precautions on the EPA-registered product label for Dual MAGNUM (EPA Reg. No. 100-816) are to be followed.

Attention: Dual Magnum use rates for tomato on the federally approved Section 3 label are based on soil texture (i.e. coarse, medium or fine textured soils). Apply the appropriate application rate based on soil texture.

RESTRICTIONS

- When using Dual Magnum on tomato at 1.67 pints or less per acre per year, the pre-harvest interval (PHI) is 60 days
- When using Dual Magnum on tomato at 1.68-2.0 pints per acre per year, the pre-harvest interval (PHI) is 90 days
