EPTAM[®] 20-G Selective Herbicide EPA Reg. No. 10182-199

FOR SUPPRESSION OF YELLOW AND PURPLE NUTSEDGE IN IDLE SEASON FALLOW GROUND

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

IDLE SEASON FALLOW GROUND TREATMENT (JUNE THROUGH SEPTEMBER) FOR SUPPRESSION OF YELLOW AND PURPLE NUTSEDGE.

For best results, prior to EPTAM 20-G application soil must have enough sub-surface moisture to initiate tuber sprouting. Allow 10-14 days for tuber sprouting to occur followed by a light tillage to destroy shoots and dry the soil surface. Apply 15 to 30 pounds of EPTAM 20-G per acre as a broadcast application and incorporate immediately to a depth of 2-3 inches. Drag a heavy pipe or other leveling device behind the incorporation equipment to leave soil surface as smooth as possible. To provide maximum suppression no additional traffic through the field should take place for the entire fallow period. Rainfall or other surface disturbance will result in poor nutsedge suppression. To avoid injury to following crops, irrigate at least 30 days prior to planting. Do not plant cotton or crops not listed on the EPTAM 20-G label for 90 days after application.

All applicable directions, restrictions, and precautions on the EPA-registered label are to be followed.

This labeling must be in the possession of the user at the time of pesticide application.

CONDITIONS OF SALE AND LIMITATION OF WARRANTY AND LIABILITY

NOTICE: Read the entire Directions for Use and Conditions of Sale and Limitation of Warranty and Liability before buying or using this product. If the terms are not acceptable, return the product at once, unopened, and the purchase price will be refunded.

The Directions for Use of this product should be followed carefully. It is impossible to eliminate all risks inherently associated with the use of this product. Crop injury, ineffectiveness or other unintended consequences may result because of such factors as manner of use or application, weather or crop conditions, presence of other materials or other influencing factors in the use of the product, which are beyond the control of ZENECA or Seller. All such risks shall be assumed by Buyer and User, and Buyer and User agree to hold ZENECA and Seller harmless for any claims relating to such factors.

ZENECA warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes stated in the Directions for Use, subject to the inherent risks referred to above, when used in accordance with directions under normal use conditions. This warranty does not extend to the use of this product contrary to label instructions, or under abnormal conditions or under conditions not reasonably foreseeable to or beyond the control of Seller or ZENECA, and Buyer and User assume the risk of any such use. ZENECA MAKES NO WARRANTIES OF MERCHANTABILITY OR OF FITNESS FOR A PARTICULAR PURPOSE NOR ANY OTHER EXPRESS OR IMPLIED WARRANTY EXCEPT AS STATED ABOVE.

In no event shall ZENECA or Seller be liable for any incidental, consequential or special damages resulting from the use or handling of this product. THE EXCLUSIVE REMEDY OF THE USER OR BUYER, AND THE EXCLUSIVE LIABILITY OF ZENECA AND SELLER FOR ANY AND ALL CLAIMS, LOSSES, INJURIES OR DAMAGES (INCLUDING CLAIMS BASED ON BREACH OF WARRANTY, CONTRACT, NEGLIGENCE, TORT, STRICT LIABILITY OR OTHERWISE) RESULTING FROM THE USE OR HANDLING OF THIS PRODUCT, SHALL BE THE RETURN OF THE PURCHASE PRICE OF THE PRODUCT OR, AT THE ELECTION OF ZENECA OR SELLER, THE REPLACEMENT OF THE PRODUCT.

ZENECA and Seller offer this product, and Buyer and User accept it, subject to the foregoing conditions of sale and limitations of warranty and of liability, which may not be modified except by written agreement signed by a duly authorized representative of ZENECA.
