

Section 2(ee) Recommendation

Date: May 30, 2012

Product: Dual II Magnum[®] SI (EPA Reg. No. 100-829)

Use: Use of lower rates in field corn on coarse textured soils

States: CO, IA, IL, IN, KS, KY, MI, MO, MN, NE, ND, OH, OK, SD, WI

DIRECTIONS FOR USE

Apply Dual II Magnum SI at 0.8-1.2 pt/A alone or as a tank mix when all of the following criteria are met: 1) when applied to coarse textured soils as defined on the Section 3 federal label. 2) when applied using the following methods of application: preplant surface, preplant incorporated, or preemergence. 3) when used in a two-pass (preemergence followed by postemergence application) weed control program consistent with the federal Section 3 label.

The user must refer to the federally approved Dual II MAGNUM SI label and read and follow all applicable directions for use, restrictions, and precautions.

It is a violation of Federal law to use this product in a manner inconsistent with its label.

This recommendation should be in the possession of the user at the time of pesticide application.

Use of this product according to this bulletin has not been reviewed or endorsed by the Office of the Indiana State Chemist.

This recommendation is made as permitted under FIFRA Section 2(ee), as amended, and has not been submitted to or accepted by the EPA.
